- **XM 10ASS, 12ASS, 15ASS** - automatic shutter
- **XM 10ATSS, 12ATSS, 15ATSS** - automatic shutter and overrun timer
- **XM 10AHSS, 12AHSS, 15AHSS** - automatic shutter, humidity control and overrun timer

Unique opening front shutter on automatic fans

Front easily removed for cleaning - no screws

Quick fix wall installation (no screws)

TYPICAL SPECIFICATION

Supply and install an XM12AHSS axial fan with a stainless steel front cover as supplied by Vectaire Ltd, Lincoln Road, Cressex Business Park, High Wycombe, Bucks, HP12 3RH.

The fan is to be suitable for installation either into a ceiling, wall or window (with the appropriate accessories), and be complete with an integral, adjustable, dynamic humidistat, an integral adjustable timer and a unique opening front cover. There should be a neon on the front of the fan to indicate when it is operating.

The fan casing should be made of shockproof and heat resistant plastic, contain a motor with sealed, self-lubricating bearings, and be protected with a thermal cut-out.

The fan should be double insulated and be suitable for installation into Zones I and II.

The fan is to be CE marked and comply with current EC Low Voltage Directive EMC89/336 and with BSEN60529. The fan should comply with Building Regulations requirements for installation into a utility room.
